The time of year has come when the weather-wise begin to cast about for signs that will indicate dog days or even the steady approach of winter. But those who would look forward to winter have yet a long time to conjure with nature, for a local wise-one has proof positive that we are to have a very long drawn out summer. A flock of geese was seen flying over Barre this week headed due north, which is a sure sign of much warm weather to come, so the saying goes.

DROPPED 30 FEET.

Automobile Carried Down Ludlow Men, Who Miraculously Escaped Death.

Rutland, Aug. 6.—Perley Whelden and Marsh Whelden of Ludlow had a remarkable escape from death yesterday when the Moline-Knight touring car, which the latter was driving left the highway at the Webb-Lincoln iron bridge a mile south of East Castleton, plunged over a bank and then dropped nearly 30 feet into the bed of Mill river, turning bottom side up. Both men escaped with cuts and bruises, being able to extricate themselves from under the car and crawl up on to the bank.

The fact that the occupants of the machine were not pinned underneath it and crushed was due to the manner in which one end of the machine rested on a log when it overturned.

The car was traveling northward when the accident happened. The bridge is approached by a curve on a steep slope and it was while rounding this that the machine struck a piece of timber on the right side of the road, which was used as a guard, bounded diagonally across the highway and then went over the bank. Dr. H. S. Martyn of Cuttingsville and Dr. Ray E. Smith of this city attended the two men, who were able to return home by automobile after being brought to this city in the Stearns auto ambulance to have their wounds dressed.

A car from the Rutland Machine and Automobile company establishment went to the scene of the accident to get the wrecked automobile.

SLATE WORKERS STRIKE.

Those in Western Vermont Demand Advancement of 10 Cents an Hour.

Granville, N. Y., Aug. 6.—The quarries employed by the various concerns constituting the American Consolidated Sea Green Slate company, known as the "slate trust," about 500 in number struck Monday for an advance of 10 cents an hour in wages and as a result all of the quarries in South Poughkeepsie and West Pawlet, Vt., and this town are closed. Several conferences have been held but a two-cent an hour increase was all that the company would allow.

The men are now drawing from 30 to 39 cents an hour and they state that they will stand out for a straight 10 cents an hour increase, claiming that they are not now getting a living wage. They have been working nine hours a day and they have made no demand for shorter hours.

The quarrying concerns in the American Consolidated are Norton Brothers, Shelton Company, Owens Brothers, Rising & Nelson, A. G. Williams, O'Brien Brothers, Auld & Conger, and the Progressive Slate Co.

The men, whose union is headed by Hugh Griffith, claim that the companies have a large stock of slate piled on the banks of the quarries and are in a position to fight a strike without loss of business. This, they claim, accounts in a large measure for the arrogant attitude adopted by the concern.

ASK DISTRIBUTION OF FUNDS

Left By Will of Thomas Thompson for Seamstress, Etc.

Boston, Aug. 6.—Instructions as to the disposition to be made of the surplus income from a fund provided under the will of Thomas Thompson, for aiding "seamstresses, needle women and shop girls," of Brattleboro, Vt., and Rhinebeck, N. Y., and for "kindred purposes" were requested of the supreme court yesterday by the trustees. The fund, the trustees said, had grown to more than \$1,000,000. Thompson died in this city in 1880, and the fund became available upon the death of his wife in 1890.

"The Society of Seamstresses, Needle Women and Shop Girls" of Brattleboro set forth that they and beneficiaries in Rhinebeck are entitled to the entire income, but they assert that a considerable portion of the money has been used to exploit a school nurse system in Buffalo, Milwaukee, Detroit and elsewhere, the trustees claiming a right to do so under the "kindred purposes" clause of the will.

The trustees seek from the court an interpretation of the meaning of the words "kindred purposes."

NO REFERENDUM IN MAINE

On National Prohibition Amendment, Says State Supreme Court.

Augusta, Me., Aug. 6.—A referendum vote cannot be taken in Maine on the national prohibition amendment, according to a decision by the state supreme court announced to-day. Petitions signed by more than 13,000 citizens asking for a referendum had been received at the department of state, and Governor Milliken asked the court for a ruling on the legality of such procedure.

The court decided at the same time that the act of the last legislature giving women the privilege of voting for presidential electors might be submitted to the voters at a special election.

CUBA'S SUGAR CROP LARGE.

New York, Aug. 6.—The sugar crop of Cuba this year is expected to break all records, according to Gabriel Menocal, brother of the president of Cuba, who arrived here to-day from Havana on the Ward liner Mexico, accompanied by members of his family. Mr. Menocal asserted that because of abundant rains this season the crop next year also will be very large.

TO-DAY
FANNIE WARD IN
"THE CRY OF THE WEAK"
A motion picture that is unusually good. Some of the very best screen acting in some time is done by Fannie Ward and a very capable and well-selected supporting cast. For an hour of good entertainment, few pictures can compare with it. Also a Kinogram news and a Mutt & Jeff cartoon comedy. A better play than "Common Clay."

THURSDAY, AUGUST 7—DOROTHY DALTON IN
"THE LADY OF RED BUTTE"
In this production we have an interesting story laid in the West, in which dance halls and gambling dens of inquiry play a large part, but the material has been shaped and handled in such an entirely different manner as to make it quite entertaining. Dorothy Dalton handles a suitable role well. Also a Paramount Dry comedy, "THE AMATEUR LIAR," and a Pictograph news.

FRIDAY, AUGUST 8—TOM MOORE IN
"ONE OF THE FINEST"
That's the title of the picture, and seldom was a picture more rightly named. So with such a title, a story that is one of the finest and a star who is one of the finest, the whole presents some of the finest entertainment in some little while. Tom Moore enacts a splendid role in a splendid manner. Also a news picture and a Billy Parsons comedy.
